# ABOUT BBL

Established in 1991, Jiangsu Beier Decoration Materials Co., Ltd. (also known as BBL) is located in Changzhou, China, a professional manufacturer of laminate floors and vinyl floors. We have 25 years of experience in construction materials and have a good reputation in this field. Our products have exported to more than 80 countries worldwide.

We have implemented a strict and complete quality control system, which ensures that each product can best meet customers' quality requirements. Besides, all of our products have been strictly inspected before shipment. We have attained ISO9001:2008 certification for our management system and we are now using LEAN Manufacturing System to improve our efficiency of internal management.

BBL has its own decor paper printing, melamine, laminate wood flooring producing line as well as its own HDF plant. We have become the most integrated flooring enterprises in China. In 2011, we set up its own factory to make the vinyl floors. BBL vinyl floors are the result of years of experiences in manufacturing flooring covering. BBL's superior construction, accompanied by its tremendous value and exclusive features, makes BBL a perfect choice for resilient floors.

Jointly with Nanjing Forest University, BBL has established "BBL Floor Engineering Technology Research and Developing Center". Every other week, one new flooring decor will be created by this center. This center will develop any new flooring color based on different market's flooring style requirement.

BBL flooring will commit to make "BBL" brand as a worldwide well known brand both in the international and domestic market for various building materials.

## MORRISVILLE OAK COLLECTION 1701

Our newest Morrisville Oak range can hardly be distinguished from real parquet floor thanks to its unique surface structure. From the charm of traditional and exotic wood visuals to the character of reclaimed timber, our wood looks allow you to bring the rich graining and timeless appeal of natural hardwood into any part of your home.

## ROBUST COLLECTION 213

There are situations in life where one needs a thick skin. Where one has to be very resilient and tough. Which is why ROBUST is also the perfect floor for extreme levels of use. With its high-density, 12-mm thick fibreboard and an especially wear-resistant surface, it can cope with pretty much anything to which it is exposed. Even if used for commercial purposes. Its CLIC tongue-and-groove connection system will never disappoint in any situation as it was specially developed to hold up under the highest pressure.

**PLATINUM COLLECTION 88101**

The Platinum Collection brings to your home a truly astonishing floor. The unparalleled attention to detail and craftsmanship makes the Platinum Collection at first sight almost indistinguishable from real wood floors – even for experts! The Platinum Collection features a number of species of wood, with the charm and unique signature of each recreated in laminated flooring. The edges of the planks are rounded on both sides and ends, creating a vibrant ‘plank effect’ that looks and feels just like real wood floor. The Platinum Collection varies from a lightly-distressed look, with some chisel marks on the plank, to medium-distressed look.

**LONG BOARDS COLLECTION**

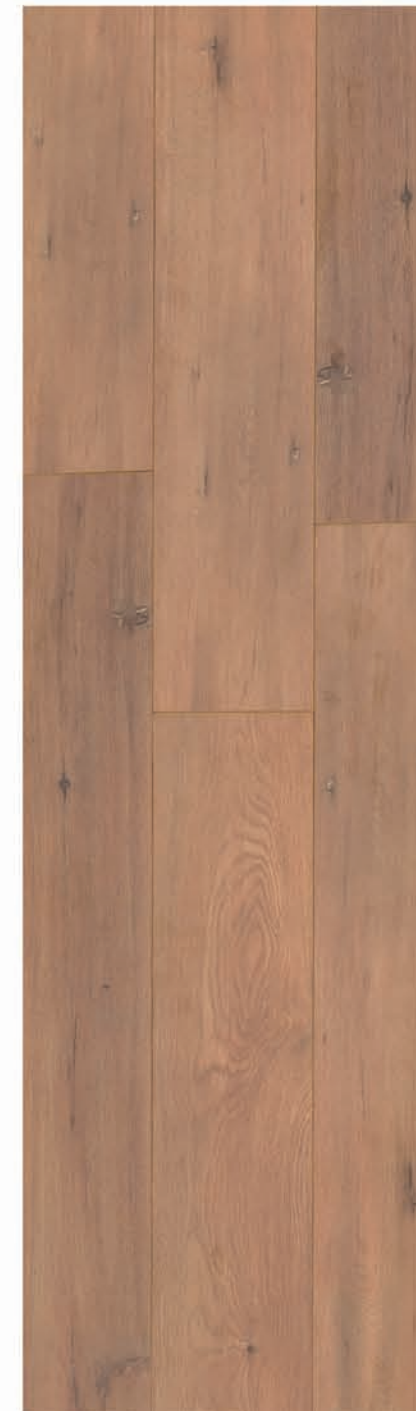

Unconventional dimensions, utterly unique taste and style.

Thickness: 8mm/10mm /12mm

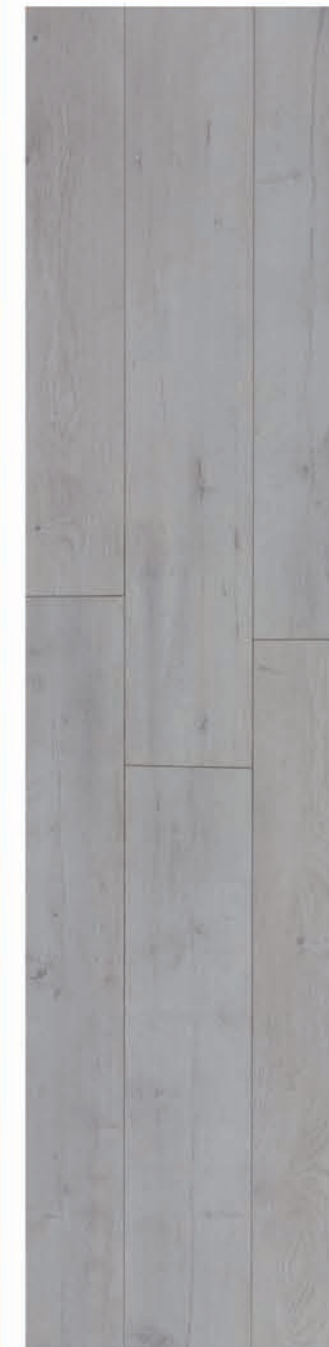

Plank width: 196mm (7.72" ) Or 236mm (9.29" )

## NOVELLA COLLECTION 88165

The Novella was designed to bring the “community” back to your apartment community by reducing the frustrating noise transfer between levels, a major grievance among tenants. This line comes with a residential surface layer and sound-buffering pad designed specifically for multi-family living.

## GRAVITY COLLECTION K008

Gravity is a floor which is as noble and natural as wood. It is perfection itself, radiates warmth and comfort and is as pleasant to walk upon as solid wood. Its synchronised, em-bossed grain and the matt surface shimmer give it an authentic structure and create a warm, natural atmosphere. And the carefully milled V-groove also contributes to the typical, repre-sentative floorboard look.

Collection | Gravity Collection K008

Size | 1216 x 196 x 12mm

## AESTHETIC COLLECTION 9277

For many, the best is just about good enough. And if you are always striving towards perfection as well, then there is only one floor for you: AESTHETIC COLLECTION from BBL. Whether used universally, for extremely heavy loads or to create a sophisticated and natural look, Aesthetic Collection is a floor which can meet all requirements. The panels are extra hard, and what's more, extra practical. An outstanding feature of the patterns and hues is their country cottage character and the fascinating, authentic natural wood look.
