Laminate

Flooring Product Guide

Flooring Solution Provider

BBL Introduction

Established in 1991, Jiangsu Beier Decoration Materials Co., Ltd. (also known as BBL) is located in Changzhou, China, a professional manufacturer of laminate floors and vinyl floors. We have 25 years of experience in construction materials and have a good reputation in this field. Our products have exported to more than 80 countries worldwide.

We have implemented a strict and complete quality control system, which ensures that each product can best meet customers' quality requirements. Besides, all of our products have been strictly inspected before shipment. We have attained ISO9001:2008 certification for our management system and we are now using LEAN Manufacturing System to improve our efficiency of internal management.

BBL has its own decor paper printing, melamine, laminate wood flooring producing line as well as its own HDF plant. We have become the most integrated flooring enterprises in China. In 2011, we set up its own factory to make the vinyl floors. BBL vinyl floors are the result of years of experiences in manufacturing flooring covering. BBL's superior construction, accompanied by its tremendous value and exclusive features, makes BBL a perfect choice for resilient floors.

Jointly with Nanjing Forest University, BBL has established "BBL Floor Engineering Technology Research and Developing Center". Every other week, one new flooring decor will be created by this center. This center will develop any new flooring color based on different market's flooring style requirement.

BBL flooring will commit to make "BBL" brand as a worldwide well known brand both in the international and domestic market for various building materials.
